

## Sesiunea 5

### Securitate

ROEdu Summer Workshops

*There are two types of encryption: one that will prevent your sister from reading your diary and one that will prevent your government.*

Bruce Schneier

# Idea #1

Security: a continuous process. It is never secure enough.

*Privacy is not for the passive. – Jeffrey Rosen*

Security vs. usability.

Provide predictable behaviour.

Expect the worst, do your best.

Privacy, Authentication, Integrity, Trust

Whom or what do we trust?

Principle of least privilege

Security through obscurity

Honey pots and sacrificial lambs

## Idea #10

You are going to get hacked.
